

CRM for the Single Pilot

The single pilot can be at a disadvantage when compared to a full crew but you can even the odds. At this informative seminar we will review single pilot resource management and six underlying concepts. These are Situational Awareness, Risk Management, Aeronautical Decision Making, Task Management, Automation Management, and Controlled Flight into Terrain Awareness. Don't miss this exclusive event. Click the link below and register TODAY.

Directions: From the Landmark Aviation parking lot at 22 Waypoint Dr. NW, Roanoke, VA 24012:

Enter through the black door (beneath the large "Star Flight Training" sign) near the center of the large hangar to the right of the Landmark FBO building. Proceed up the stairs, through the door at the top, and down the hallway. The classroom is the fourth door on the right.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
